## WEDDING FAQs

Q1: What wedding menus are available at park Hyatt Saigon?

A: You can select from Vietnamese, Chinese, or Western set menus, or work with our chefs to customize a menu to meet your requirements.

Q2: Are beverages included in the wedding package?

A: Yes, the menu packages include 2-hours of free flow water, soft drinks, fruit punch and Tiger draught beer. Additional charges may apply for service beyond 2 hours, or for additional beverage offerings.

Q3: May I taste all the food before our wedding day?

A: Yes, we are able to set up a table for you and select guests to sample the food prior to the wedding day. The food tasting may include 4 to 10 participants, depending on the number of guests confirmed for the wedding.

Q4: Do you have vendors for flowers, music, and photography that you could recommend?

A: We work with several vendors on a regular basis. We will be happy to provide you their contact information.

Q5: May I enter the function room earlier to do logistical set up and decorate?

A: The availability of the venue can only be confirmed closer to the event day. If you wish to reserve confirmed set-up time in advance, a venue rental fee will be applied.

Q6: If I do not want to use the hotel's wedding cake & flowers, can the price of the menu package be reduced?

A: The wedding cake and floral decorations are special benefits offered to our wedding clients, so there is no cost reduction if you choose not to use them.

Q7: May I bring in my own wine or Spirits?

A: All beverages should be purchased from Park Hyatt Saigon. As an exception, should you wish to bring in your own wine or spirits in limited quantities, the corkage charges will be applied.

Q8: May I get a discount on the wedding package price if the number of guests at my wedding exceeds 250?

A: The menu prices are based on the selected menu, not the total number of guests, however we are pleased to offer some additional benefits to your special day. Please ask the Wedding Specialist for more information.
